

ANGELIC CHRISTMAS WISHES

You'll bring a little piece of heaven into your home this Christmas when you stitch our stunning celestial angel

Designed by Laura Lattuada

Stitchers will find this glorious angel a joy to stitch. The picture is designed by popular Passione Ricamo designer, Laura Lattuada, and is worked in rich, deep shades of colour for a yuletide look. The dark night sky in the background brings the angel to life and accentuates the sparkle of the metallic threads in her halo and the border.

You'll find some long stitch in this design. Simply follow the chart carefully and allow your stitches to cover several

threads of the fabric. To keep an even tension in your stitching, use a hoop or embroidery frame.

For more help with any of the stitches, turn to page 96. Find out more about Laura's designs at www.passionericamo.com or buy online at www.wimblebees.com (☎ 01243 532 555).

Take your time when stitching the detail in this intricate design
